Boho-chic

Boho-chic

'Boho chic'(Bohemien style) embodies a fashion and lifestyle that exudes an unconventional and free-spirited essence. The term 'Bohemian' originates from the French 'Bohémien Over time,Bohemian fashion has evolved significantly,mirroring the cultural changesand influences of different periods. Present-day Bohemian styleemphasizes flowing fabrics, vibrant colors, and natural woven materials over knits. This fashion trend has garnered worldwide acclaim, attracting people drawn to its distinctive and individualistic flair. It promotes a spirit of liberation and self-expressionappealing especially to those inclinedtowards unconventional living, sometimes in a nomadic fashion, and who may reside incommunities or communes that foster strong bonds among its members.
